

Epson

CaptureOne™

Check Scanner

- Ideal for BOC and RDC applications
- 30, 60 and 90 DPM units available
- Most accurate MICR in the industry
- Electronic endorsement
- Built-in franker
- Double check detector
- Flexible 2-pocket support
- 100-check document feeder
- Industry-leading two-year warranty

Now retailers can take advantage of all the cost-saving benefits of Remote Deposit Capture with Epson's CaptureOne™ desktop check scanner.

CaptureOne offers innovative features, the highest MICR accuracy available and the quality and reliability Epson is known for all in one easy-to-use, compact design.

Leading MICR accuracy and advanced features

Epson's CaptureOne check scanner is ideal for retailers that want to capture checks using back office capture (BOC), remote deposit capture (RDC) or a combination of the two. Our check scanner comes in a 30, 60 or 90 DPM version and features the Progressive MICR Method and advanced imaging to provide the highest MICR accuracy of any desktop scanner on the market today. CaptureOne also features clear electronic endorsements, a double check detector that virtually eliminates double check feeding and a built-in franker that prints a static message on checks to prevent double processing.

Flexibility to meet application requirements

CaptureOne comes with two pocket support as a standard feature. This gives you the flexibility to process exceptions, on-us checks or segregate different types of documents such as checks and payment coupons. In addition, our 100-sheet document feeder is also standard.

Easy to use. Easy to maintain

Whether you use CaptureOne for BOC or RDC applications, we designed it to be easy to use and maintain. The check scanning process is simple and tasks like undoing a jam or replacing the franker unit are quick and easy with no special training required. CaptureOne also features advanced self-diagnostics which keep the operator informed of the scanner status and when it is time for maintenance.

Epson quality and reliability

With a MCBF of 2.47 million documents, CaptureOne has the reliability you need. And only Epson offers you a Spare-In-The Air® support plan that sends replacement units overnight when needed.

Industry-leading warranty

Unlike other check scanners, CaptureOne is the only check scanner available that comes with a standard two-year warranty.

Epson CaptureOne™ Check Scanner
